Prerequisite(s):

Any two Mathematics courses in the Field of Mathematics at the 400 level or above. Also known as: (formerly Pure Mathematics 503) MAY BE REPEATED FOR CREDIT

3. **Grading:**

The University policy on grading and related matters is described in [F.1](#) and [F.2](#) of the online University Calendar. In determining the overall grade in the course the following weights will be used:

Each of the above components will be given a letter grade using the official university grading system. The final grade will be calculated using the grade point equivalents weighted by the percentages given above and then converted to a final letter grade using the official university grade point equivalents.

This course has a registrar scheduled final exam.
